

SERVIA GETTING
READY FOR WARGeneral Mobilization of Army Is
Under Way.

SENDS ULTIMATUM TO TURKEY

Stoppage of Servian Ammunition After
Permission for Its Passage Through
Turkish Lines the Cause of the Dis-
pute—Belgrade Is Seething With
Excitement and Bulgaria Is Also
Assembling Her Military Forces.Constantinople, Oct. 1.—Owing to
the insistence of the Turkish govern-
ment upon obtaining a written decla-
ration of amity from Serbia the Ser-
bian minister, Dr. Nenadovitch, has
sent another communication to the
porte. This follows one which the
minister addressed to the porte Sat-
urday respecting the stoppage of Ser-
bian ammunition after permission had
been given for its passage through
the Turkish lines.In reply to this the Turkish foreign
minister said that the consignment
was detained because of the doubtful
attitude of Serbia. On the declara-
tion by the minister that the Servian
policy was unchanged the Turkish
foreign minister asked for a written
statement embodying these assu-
rances.The present note invites the porte
to adopt a definite decision within
forty-eight hours, either to sanction
the passage of the ammunition or re-
turn it to France. The communica-
tion is couched in friendly but en-
ergetic terms. It is understood that
failure to comply with the conditions
will lead to the departure of the min-
ister.

EXCITEMENT AT BELGRADE

War Preparations Going on With
Fervent Haste.Belgrade, Serbia, Oct. 1.—War pre-
parations are being carried on with
fervent haste. General mobilization
of the Servian army has been ordered
and, it is expected, will be well under
way within twenty-four hours. The
publication of news of military move-
ments is forbidden.According to newspaper reports the
Servian minister to Turkey, Dr. Nen-
adovitch, has left Constantinople for
Belgrade.Belgrade is seething with excite-
ment. The streets are full of uni-
formed reservists and the railway sta-
tions are crowded with men on their
way to join the colors. The mobiliza-
tion of the Bulgarian army simulta-
neously with that of Serbia has
added enthusiasm to the occasion.

DENY PERSIA'S PARTITION

English Officials Say There Is No
Agreement With Russia.London, Oct. 1.—That the partition
of Persia had been proposed during
the recent Anglo-Russian conferences
was denied by the British foreign of-
fice. The statement, however, throws
no light on the plans of the two gov-
ernments. It says:"No new political agreement affect-
ing Persia has been discussed. Neither
power has any intention or desire to
partition Persia. In order to expedite
the withdrawal of foreign troops from
Persia both powers carefully are con-
sidering how they best could assist in
strengthening the Persian government
for the purpose of enabling it to re-
establish order and secure the safety
of trade routes."The practical partition of Persia had
been predicted in some quarters.

MAY FIGHT WITHOUT NOTICE

German Foreign Office Now Feels
War Is Unavoidable.Berlin, Oct. 1.—The German foreign
office is prepared for the worst in the
Balkans since the issue of the mobi-
lization orders in Serbia and Bul-
garia. The possibility is taken into
consideration, however, that the or-
ders have been issued for tactical pur-
poses and to bring pressure to bear
on the porte.The exact claims of Serbia and Bul-
garia in mobilizing are their own se-
cret and it is thought war may pos-
sibly break out without a formal de-
claration. The great powers, however,
none of whom desire war, will con-
tinue their endeavors to prevent it un-
til the last moment.

GREECE IS GETTING READY

Mobilization of Land and Sea Forces
Is Ordered.Athens, Oct. 1.—The Greek govern-
ment, in agreement with other Balkan
states, ordered the mobilization of her
forces by sea and land. The reason
given for this step is apprehension on
the part of the Balkan states that the
mobilization of the Turkish army and
the disquieting internal condition of
Turkey might induce the porte to seek
a way out of the difficulty in war.

Dany Receiving Ultimatum.

minister denied that the government

THROWS LITTLE NEW LIGHT

Documents Cover the Period From
Roosevelt's Taking the Presidency
In 1901 Until His Differences With
Harriman in 1906 and Give Practical-
ly No Information Regarding Cam-
paign Contributions.Washington, Oct. 1.—All of the cor-
respondence between President Roose-
velt and the late Edward H. Harrim-
an, covering the period from Mr.
Roosevelt's succession to the office in
1901 until Mr. Harriman's differences
with him in 1906, was placed in evi-
dence before the senate committee
investigating campaign expenditures.Out of the scores of letters, cover-
ing every subject from exhibits of In-
dian pictures to the appointment of
federal judges and territorial govern-
ors in Arizona, the senate committee
was able to secure little new light
bearing upon the subject of campaign
contributions or the disputed ques-
tion of whether President Roosevelt had
specifically asked Mr. Harriman in
1904 to raise a fund of \$240,000 for
the aid of his campaign.C. C. Tegethoff, now agent for the
Harriman estate and former private
secretary to Mr. Harriman, and
Charles A. Peabody, president of the
Mutual Life Insurance company and
personal attorney for Mrs. Harriman
in the administration of the estate,
both testified that Mr. Harriman had
told them the raising of the big cam-
paign fund had been undertaken at
President Roosevelt's request, a state-
ment which Mr. Harriman made be-
fore his death, but which was denied
by President Roosevelt.Aside from the pile of letters given
the committee no documentary evi-
dence was offered, however, and out
of the many letters none was produced
except that written by Mr. Harriman
to Sidney Webster, Jan. 2, 1906, that
in any way bore upon the charge that
President Roosevelt had asked the
railroad man to raise funds.

Contents of Webster Letter.

The Webster letter, made public by
Mr. Harriman himself during the con-
trovercy with President Roosevelt
over the fund, intimated that Mr. Har-
riman had been asked by the presi-
dent to raise the fund and that it had
been the understanding among finan-
cial men to whom he appealed that
Senator Depew was to be given the
ambassadorship to France.Charles A. Peabody, president of
the Mutual Life Insurance company
and legal adviser of Mrs. Harriman,
was sworn.Mr. Peabody said that he talked
with Mr. Harriman in November, 1904,
about the campaign fund. "One of
these letters was lying on his desk
when I went into his office," said the
witness."He said he had been to Washing-
ton and that the president wanted
him to raise some money for the cam-
paign. He said he was giving \$50,000
and hoped to get the rest—I think he
said the whole fund was to be \$240-
000. While I was there he talked over
the telephone with another man who
was to contribute."The names of contributors of \$10-
135,000 to four Republican campaigns
have been destroyed.This was the testimony of Cornelius
N. Bliss, Jr., son of the former Re-
publican treasurer. Bliss said his
father had destroyed all books and
papers showing who contributed. He
submitted his father's papers, how-
ever, tabulating contributions to the
Republican national committee as fol-
lows:In 1892, \$1,600,000.
In 1896, \$3,450,000.
In 1900, \$3,000,000.
In 1904, \$2,088,000.

Assessable Property in New York City
Totals \$7,640,000,000.New York, Oct. 1.—When the city
tax books were opened to the public
it was shown that real and personal
property assessed for 1913 totals in
value slightly more than \$7,640,000-
000, a net increase of nearly \$200,000-
000 over figures for the present year.Andrew Carnegie, with an assess-
ment of \$10,000,000, leads the personal
list. The estates of John D. Rockefel-
ler, John Jacob Astor and Joseph
Pulitzer are assessed at \$5,000,000
each; Cornelius Vanderbilt, \$8,000,000;
Mrs. Russell Sage, \$2,510,000, and Is-
idor Straus, \$2,000,000.

ASSERT DIX IS DEFEATED

Opponents Claim Governor Will Not
Be Renominated.Syracuse, N. Y., Oct. 1.—The Demo-
cratic state convention faces a sharp-
ly drawn issue over the renomination
of Governor Dix. Opponents of the
governor massed their forces around
the headquarters of Leader Charles
F. Murphy of Tammany Hall to urge
him to withdraw his support from the
governor. They claim to have won
a victory. They assert that the gov-
ernor would not be renominated and
that the availability of other candi-
dates was being considered.Justice Victor J. Dowling of New
York and Representative in Congress
William Sulzer were said to be the
leading candidates in opposition to
Governor Dix.HECKLE ROOSEVELT
DURING HIS SPEECHColonel Silences Tormentors at
Knoxville, Tenn.Knoxville, Tenn., Oct. 1.—A tumultu-
ous crowd gave Colonel Roosevelt
what he describes as a middling lively
time here. Men scattered through the
crowd heckled him as in Atlanta last
Saturday and succeeded in causing an
uproar which for a time drowned out
any attempt on Colonel Roosevelt's
part to go on with his speech. He
stood his ground and matched one re-
tor with another until he had silenced
his dissenters.Colonel Roosevelt campaigned
through Eastern Tennessee, beginning
at Chattanooga. On the way to Knoxville
he made a number of speeches from
his train. In his speeches he as-
sailed Governor Hooper and Senator
Sanders of Tennessee.When the first cheers which greeted
Colonel Roosevelt in the Auditorium
here had died away a man leaped
from his seat on the stage, waved a
handanna handkerchief and shouted,
"Glory hallelujah!" The cheering be-
gan. Then the people sang "Onward,
Christian Soldiers."Former Congressman Taylor of Ten-
nessee made the speech of introduc-
tion.

Conference in Chicago Decides on a
State Organization.Chicago, Oct. 1.—The Republican
situation in Wisconsin was thoroughly
canvassed at a conference of promi-
nent Wisconsin Republicans held at
the headquarters of the Republican
national committee.Director Mulwane and Joseph B.
Keating, head of the organization bu-
reau, met a delegation of Wisconsin
politicians, including E. L. Phillips
of Milwaukee, W. H. Bray of Oshkosh
and S. L. Gilbert, H. H. Morgan and
H. L. Ledbina of Madison.It was decided to form a Taft or-
ganization in Wisconsin. Details of
this organization, such as the naming
of county committees, etc., were left
to be arranged by those present at the
conference after their return to Wis-
consin.

PRESIDENT STILL SMILING.

Will Have None but Optimists About
Him—Senator Clapp's Committee
After Roosevelt. Although the Sen-
ator Is a Roosevelt Man—What It
Would Cost to Take Mexico.

By ARTHUR W. DUNN.

Washington, Oct. 1.—[Special.]—Five
weeks only remain of the great presi-
dential campaign of 1912, and it is not
half as interesting as it was five weeks
before the nominating conventions at
Chicago and Baltimore. The people
were then more interested in who was
to be nominated by the two great po-
litical parties and what the defeated
candidates would do after the conven-
tions than they are now in the election.Who is interested in this election,
anyway? At a seaside resort where I
spent a few days three men talked po-
litics to me. They were three United
States senators. On a crowded train
the other day I heard men talking
about almost everything from crime to
baseball, and only one man said any-
thing about politics, and he was a high
official of the present administration
who will lose his place if Mr. Taft is
not re-elected.Answering my own inquiry, I will
say that the fellow who seems to be
most interested in the coming election
is the man who gets his pay envelope
from the government.

Can't Lose the Smile.

The Taft smile and the Taft merry
laugh, which has been heard here on
several occasions this summer, even
while the president has been taking
his vacation, have been reassuring to
his friends in Washington. "If Taft
feels any alarm over the outcome," re-
marked a man who went to see how
he was feeling, "he does not show it.
His laugh was just as hearty and his
smile just as pleasant as if he was go-
ing right ahead to stay in the White
House for another term."

Thompson Optimistic.

And it also appears that President
Taft lost no optimism when he let
Hilles go and took on Carmi Thomp-
son as his secretary. Mr. Thompson is
just as optimistic as was Hilles and
sees things getting better every day.It is characteristic of the president
to have optimistic people about him.
It is well known that the man who
goes to the president with tales of im-
pending disaster, with dark outlooks
and stories of things going wrong does
not meet with a very warm welcome.
That old school reader story about
"looking forward, not backward; look
pleasant, not glum; look up, not down,"
applies to the president and his official
family. Carmi Thompson looks cheer-
ful, and that suits his superior.

Whom Are They After?

We might have a puzzle question
and ask, Whom are they after in this
campaign contribution investigation?
And really, now, whom do you suppose
the men who started this investigation
want to catch? I will allow any one
just one guess. You see, the investi-
gation only reaches back to 1904. So
far they have only scratched the earth
about the campaign of 1908. The tes-
timony of August Belmont that he
spent a quarter of a million in the
Parker campaign did not create a ripple.
The nearly two million expended
by Hitchcock in 1908 did not disturb
the surface. So it is quite easy to see
that in this investigation it is not Taft,
it is not Wilson, it is not Parker, that
they are after. Who can it be?

Clapp, Chief Prober.

And the funny part of it is that
Clapp, the chief prober, is a warm
friend and ardent admirer of Roosevelt.
When this campaign investigating first
began the Minnesota senator was made
chairman of the subcommittee, and
now we have that subcommittee anx-
iously in pursuit of Roosevelt. If any
one had supposed that it would take
that kind of a turn the probabilities
are that some other man would have
been selected as chairman.

And For All Time.

There may be unthinking people in
this country who believe that we
should go into Mexico and take it
over. But they should reflect on the
cost in lives and treasure. "It will
take 500,000 men for an army if we go
into Mexico," remarked Congressman
Sulzer of New York. And they will
be there for all time, he might have
added, for it will take that number to
police the country and maintain peace.

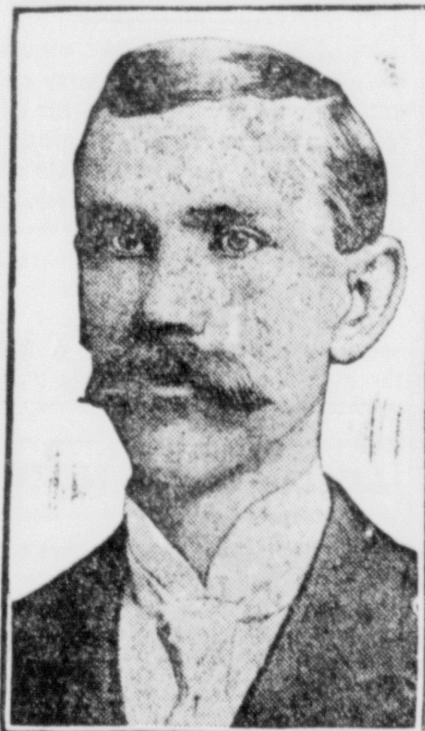

Come and Be Interviewed.

It makes little difference who you
are if you will talk politics. You can
be interviewed in Washington these
days. And it doesn't make much dif-
ference what you say either, for you
are at liberty to predict Wilson's tri-
umphant victory, Taft's sure re-elec-
tion or Roosevelt's third term success.
There is certainly a good field here for
the fellows who want to see their
names in print boosting the man they
would like to see win. Washington pa-
pers are quite liberal in the matter of
space to these political talkers while
the Washington correspondents are
yearning for "political pother." Come
here and be interviewed.

So Shy!

"Wasn't the bride delightfully timid?"
"Very. She was even shy ten years
when it came to giving her age."

tion Congress.Salt Lake City, Oct. 1.—With the
largest attendance in its history the
twentieth convention of the National
Irrigation congress was opened in the
city of its birth.General Marshall, personal repre-
sentative of President Taft, delivered
a message from the president. He
said Mr. Taft had a deep interest in
the advancement of irrigation and was
hearty sympathy with any action
the congress might take on behalf of
the farmer.United States Senator Reed Smoot
of Utah attacked the land laws in an
address."Ever since 1900 the provisions of
our land laws have proved exceedingly
burdensome," said Senator Smoot.
"Although these laws are inadequate
and work injustices the administration
of the bureau is responsible mainly for
the burden put on the homesteader.
American settlers are emigrating by
the thousands to Canada and their
going proves that there is something
wrong in our laws that should be re-
fined."

that the money had been offered them
as payment for alleged councilmanic
favors to be tendered the Wabash
railroad. Their evidence completed
the hearing Justice Jeffries an-

the people now posing as third party
men will wake up after the election
and find themselves alone. We would
be glad to welcome them back to the
Republican party, but they must come
back as whole Republicans—they must
support the national, state and local
tickets."This was the substance of President
Taft's message to the Republican club
of Beverly. The president continued
by advising against a policy of tem-
porizing."It's time to quit temporizing," he
said. "If a man is a Republican let
him say so and let him support the
ticket. If he is not throw him out of
the party."

Hon. C. A. Gillman is an independent
candidate for the legislature from
the St. Cloud district.

Senator Knute Nelson, whom many
of the wisecracks had eliminated from
the running long before the primary
election was held, has a lead over his
opponent, James Peterson, of 24,714
on the official total.

The state during the past fiscal
year has sold 168,276 acres of land
at an average price of \$6.46 per acre
exclusive of the timber. The price
shows a slight decrease in the average
over that of last year.

The final lead of James Manahan
over Frank M. Eddy for congressman-at-large is 4,941. The closest race
was between C. E. Elmquist and J.
P. Rosenwald for the six year term on
the railroad commission, the former
winning the nomination by 1,395
votes.

The remains of the late Judge L.

The tributes paid to his memory
in his home city were impressive
and worthily bestowed.

Minnesota is certainly in the banana
belt, or was before the recent
frost, and reports from many places
indicate that the second crop of
strawberries has been greatly enjoyed.
Little Falls is among the northern
Minnesota cities that furnished the
second crop of that luscious fruit.

"After making the 'people must rule'
the excuse for a primary election law,
they now shout the people must rule
as we dictate or we will break up the
game," and adds that the committee
of fifty have the gall of a whole regiment.

Beware of water while on your vacation,
this is the advice given by
an eastern physician to the public in
his articles on how to add ten years

to your life. Many a man stays
away from water while on his vacation,
not necessarily on account of his
health but because it is his play
spell, and the years that he adds to
his life do not seem apparent to him.

The socialist-labor party has lost
its legal standing in Minnesota by
failure of its only candidate to poll
in the primary 10 per cent of the vote
cast by the party at the last general
election. In order to go on the ballot
now with that party designation
it will be necessary to secure a petition
containing 2,000 signatures of men
who did not vote at the primaries.

Many a man who might otherwise
have voted for the third party candidate
for governor will cast his ballot
for Gov. Eberhart at the coming election,
owing to the unfortunate selection
by the committee of fifty. "Let
the people rule" does not seem to
have entered into their deliberations
and when people do not practice what
they preach there are those who
doubt the advisability of following
the men who call themselves leaders.

**Keeps Your Stove "Always Ready for Company"**

A bright, clean, glossy stove is the joy and pride of every housekeeper. But it is hard to keep a stove nice and shiny—unless Black Silk Stove Polish is used. Here is the reason: Black Silk Stove Polish sticks right to the iron. It doesn't rub off or dust off. Its shine lasts four times longer than the shine of any other polish. You only need to polish one-fourth as often, yet your stove will be cleaner, brighter and better looking than it has been since you first bought it. Use

BLACK SILK STOVE POLISH

on your parlor stove, kitchen stove or gas stove. Get a can from your hardware or stove dealer. If you do not find it better than any other stove polish you have ever used before, your dealer is authorized to refund your money. But we feel sure you will agree with the thousands of other up-to-date women who are now using Black Silk Stove Polish and who say it is the "best stove polish ever made."

LIQUID OR PASTE ONE QUALITY

Be sure to get the genuine. Black Silk Stove Polish costs you no more than the ordinary kind. Keep your grates, registers, fenders and stove pipes bright and free from rusting by using BLACK SILK AIR-DRYING ENAMEL. Brush free with each can of enamel only.

Use BLACK SILK METAL POLISH for silverware, nickel, tinware or brass. It works quickly, easily, and leaves a brilliant surface. It has no equal for use on automobiles.

A LARGE GRAIN YIELD IN COUNTY

Made by P. B. Anderson Three Miles From Brainerd in Section 12

WHAT HIS 60 ACRES PRODUCED

Two Bushels of Seed Produced 60 Bushels of Wheat on William Gildart Farm

As the threshing machines continue to wend their dusty way through the highways and to the farms of the county, the record of big yields in all kinds of crops is being further demonstrated.

At the farm of P. B. Anderson situated in section 12 three miles south of Brainerd, the sixty acres made good figures in fertility. Oats went 31 bushels to the acre. Six acres of wheat went 22 bushels to the acre. Flax went 12 bushels to the acre. A one and one-half acre tract of buckwheat produced 52 bushels. Mr. Anderson is well satisfied with the growing county and the conditions now obtaining in the country. At the recent exhibition of agricultural products in Brainerd he won a cash prize donated by the First National bank of this city for having exhibited the best flax.

At the farm of William Gildart, a 220 acre farm three miles south of Brainerd in Long Lake township, two bushels of seed produced 60 bushels of wheat. The kernels of wheat were so large that the wheat sieve would not run them and they had to use the oats sieve.

Mr. Gildart is a pioneer farmer of Crow Wing county, homesteading the land he occupies. He says Crow Wing county is all right and that he is well satisfied with the country.

CELEBRATE GOLDEN WEDDING

Mr. and Mrs. Thomas Willson, Hamilton, Ontario, Parents of W. E. Willson Celebrate

Hamilton Daily Times, Sept. 24—Mr. and Mrs. Thomas Willson, 258 West avenue north, are celebrating their golden wedding today, and a large number of relatives and friends have gathered together to make the occasion a memorable one for them. Mr. Willson, who has resided in Hamilton for sixty years, is a Fenian Raid veteran and was a member of the Field Battery for twelve years, attaining the position of Sergt.-Major. He was employed for forty years as a collector for the Bank of British North America, and the management and employees respected him highly. He is a member of St. Thomas church. Born in Yorkshire, Mr. Willson came to Canada when quite a young lad and settled in Hamilton. Since then he has gradually advanced, being a steady worker, and his nine children, most of whom will be home to attend the anniversary, are doing well and are a credit to their parents, who strove for many years to give them a place in the world.

Mr. and Mrs. Willson have both reached the allotted three score years and ten, but they are hale and hearty today and are enjoying the family reunion which was brought about on this occasion.

The nine children, most of whom have managed to lay aside their duties and return once more to the parental abode, are Mrs. J. J. Beveridge, Rochester; Mrs. R. F. Wodehouse, Buffalo; W. E. Willson, Brainerd, Minn.; Thomas Willson, Los Angeles, Cal.; John Willson, Toronto; Joseph E. Willson, San Francisco; D. E. Willson, Pontiac, Mich.; Fannie K. Willson, at home, and George A. Willson, Calgary, Alta.

This evening an at home will be held when many of the local friends of the family will attend.

Thirty-five years ago Mr. Thomas Willson was the Sunday school teacher of W. A. M. Johnston, clerk of the district court in Brainerd. He well remembers him and was pleased to receive the paper calling attention to the golden wedding.

VISITING NURSE REPORT

Miss Bohlke is Attending to 14 New Cases—7 Cases Tuberculosis, 15 General Cases

The saying that "Half the World Doesn't Know how the Other Half Lives" was never better demonstrated than in Miss Bohlke's report before the Health Committee Friday night. So little was heard of sickness and poverty during the summer that it seemed as if Miss Bohlke would find nothing to do upon her return, especially during the early fall, but she has not been idle during the month of September, and the work seems likely to increase.

Already there has been a demand for clothing especially for shoes, several children even staying home from school on that account. In order to supply these, a special day will be given to the work of collecting shoes, and it is suggested that all those having wearable ones to give away notify Miss Bohlke. She may be found from one to two at her room number five in the Ransford block or telephone 438.

Below is given a brief synopsis of Miss Bohlke's report for September, but it gives little idea of the work being done.

ROOSEVELT RALLY GOES BUMP HARD

Special to Dispatch:

Little Falls, Minn., Sept. 30—A big Roosevelt rally, which was advertised to take place here immediately after a speech by Congressman C. A. Lindbergh, was a flat failure. The hall was well filled during the congressman's speech, but when it was announced that a Roosevelt rally would be held, the room cleared quickly and only ten persons remained. The Roosevelt men desired to form a club but the absence of members and enthusiasm dwindled the business down to the signing of a petition for presidential electors.

Mr. Lindbergh did not remain for the rally.

Deafness Cannot Be Cured

We will give One Hundred Dollars for any case of Deafness (caused by catarrh of the middle ear) which cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever. Nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

That cannot be cured by Hall's Catarrh Cure. Send for circulars, free. F. J. CHENEY & CO., Toledo, O. Sold by druggists, 76c.

HIGH BROW CRITICISM

What Duluth Herald has to Say About Bush—Criticism Knocked in Head Next Day

When Bush stepped in the breach in the sixth inning of the exhibition game played by Philadelphia and Columbus three days after he had joined the Athletics and the kid pulled the game out of the fire and won it, Brainerd people were naturally gratified.

Bruce, the sporting editor of the Duluth Herald, got in the game and in the Saturday Duluth Herald had the following high brow criticism:

"From Brainerd come words regarding the advent in the royal purple of baseball regalia of Leslie Bush, the lad who started life and several other incidentals to this important event, in said Brainerd. Up there they believe that the lad is destined to become greater than Joe Wood or Walter Johnson, because the sagacious scout who uncovered him, says so."

"Please wait, citizens of Brainerd, before permitting this hope to become so large and able bodied that it will stalk around and sit up on its hind legs whenever given the least coaxing."

"Walt Johnson is quite a pitcher, and while little Leslie will, we hope with you, become one of the shining adornments of the rubber, he may have to go along for some space yet before he will be stealing three or four perfectly good columns every sweet summer day from the irate advertising department."

And the next day after Bruce handed out this desk criticism 18 year old little Leslie won his 11 inning game against New York.

When Cliff Blankenship, the Missoula manager who discovered Walter Johnson of the Washington team, says in an interview in the Daily Missoulian that Bush had everything Johnson had and as much if not more steam, we bank on Blankenship and not on our friend Bruce.

September 16 Bush left Brainerd to join the Athletics. September 22 he won his game against Columbus. September 30 he won against New York. Not much bench warming for the kid.

Liver Sluggish? Go To Your Doctor
 "How are your bowels?" This is generally the first question the doctor asks. He knows what a sluggish liver means. He knows that headaches, bilious attacks, indigestion, impure blood, are often promptly relieved by a good liver pill. Ask him if he approves of **Ayer's Pills**. Then follow his advice.

He Understood.
 "Do you understand," asked the Sabbath school teacher, "what is meant when we say that time shall be no more?"
 "Yes'm," answered Tommy. "It means when the clock stops."

THE BLACK BALL.

A Cunning Scheme That Was Spoiled by Quick Thinking.

Two young men in a French village were called on to draw for conscription. One only was wanted to complete the number, and of the two who were to draw one was the son of a rich farmer and the other the child of a poor widow.

The farmer ingratiated himself with the superintendent of the ballot and promised him a present if he could find means to prevent his son from going in the army. In order to accomplish this the official put into the urn two black balls instead of one white and one black ball. When the young men came, he said:

"There are two balls, one black and one white, in the urn. He who draws the black one must serve. Your turn is first," pointing to the widow's son. The latter, suspecting that all was not fair, approached the urn and drew one of the balls, which he immediately swallowed without looking at it.

"Why," said the superintendent, "have you done that? How are we to know whether you have drawn a black or a white ball?"
 "Oh, that's very easy to discover," was the reply. "Let the other now draw. If I have the black, he must necessarily draw the white one."
 There was no help for it, and the farmer's son, putting his hand into the urn, drew the remaining ball, which, to the satisfaction of the spectators, was a black one.

Foolish.

By six causes a fool may be known: Anger without cause; speech without profit; change without motive; inquiry without an object; putting trust in a stranger; and wanting capacity to distinguish between friend and foe.

Labor Wasted.

"You went to a lot of trouble to train your dog."
 "Yes," replied Mr. Growcher. "And it was a mistake. The only thing a man who teaches a dog tricks gets for his pains is to have a lot of people say the dog is smarter than he is."

Ancient Thermopylae.
 In spite of the fact, which is well known, that the sea has receded since ancient times, the strategic position of the ancient pass of Thermopylae is still immensely strong. The alternative route by Delphi, which crosses the hills a mile and a half north of the springs by well engineered zigzags, is equally capable of defense and leads into a country of a most difficult character. Either pass might be held indefinitely by 5,000 men. The coast road is absolutely commanded from the heights, so that a comparatively small force would render it impassable, while the flat lowland lying near the sea is marshy and intersected by dikes.

A LOFTY MIND.
 A lofty mind always thinks nobly. It easily creates vivid, agreeable and natural fancies and places them in their best light, clothes them with all appropriate adornments, studies others' tastes and clears away from its own thoughts all that is useless and disagreeable.—Rochefoucauld.

Your Breakfast Room Made Comfortable With Fuel Supplied the Night Before

Cole's Hot Blast Heater maintains a continuous fire—also a steady even heat. It will hold fire from Saturday night until Monday morning (48 hours) without attention. It will hold fire over night with less coal than any other stove.

Open the drafts in the morning and the rooms are quickly heated with the fuel put in the night before. No other stove does this.

Burns Soft Coal, Slack, Siftings, Hard Coal or Lignite. One ton of either kind of fuel goes further and gives you more comfort than two tons, using any other kind or make of stove.

Your attention is called to the unparalleled statement made by the manufacturer of

Cole's Hot Blast Heating Stove

"For several years we have authorized our Agents to sell Cole's Original Hot Blast Heater on the guarantee as follows:

- "1—A saving of one-third in fuel over any lower draft stove of the same size, with soft coal, slack or lignite.
- "2—That Cole's Hot Blast will use less hard coal for heating a given space than any base burner made with the same size fire pot.
- "3—That the rooms can be heated from one to two hours each morning with the soft coal or hard coal put in the stove the evening before.
- "4—That the stove will hold fire with soft coal from Saturday night until Monday morning.
- "5—A uniform heat day and night, with soft coal, hard coal or lignite.
- "6—That every stove will remain absolutely air-tight as long as used.
- "7—That the feed-door is and will remain smoke and dust-proof.
- "8—That the Anti-Puffing Draft will prevent puffing.

"All we ask is that the stove shall be operated according to directions and connected with a good flue."
 "(Signed) COLE MANUFACTURING CO., Not Inc."
 (Makers of the Original Patented Hot Blast Stove.)

This remarkable guarantee from the makers of this stove should be of interest to you if you contemplate buying a heating stove.

Years of use has proven that no heater—at twice the price—equals it for radiating heat, for holding fire, requiring so little attention, never giving trouble, and cutting down your coal bill one-third to one-half.

Come in and examine Cole's Original Hot Blast which is now imitated by nearly every other stove manufacturer. Price \$12.00 and upward, according to size.

No other Heater Nearly as Good.
